

Cranial-Cervical Sutures and Articulations

Coded identification worksheet

- 1 Write the full anatomical name of the indicated suture, synchondrosis, fissure, or articulation on the line matching each S identifier.
- 2 Use the exact marker location rather than the nearest large bone. Zoom in where several junctions meet.
- 3 Save the completed file as YourName_CranialSutures.pdf and reopen it to confirm that your answers were saved.

Student name _____

Date _____

Cranial-Cervical Sutures and Articulations

Anterior skull - facial sutures

IDENTIFY EACH MARKER

S01 _____

S02 _____

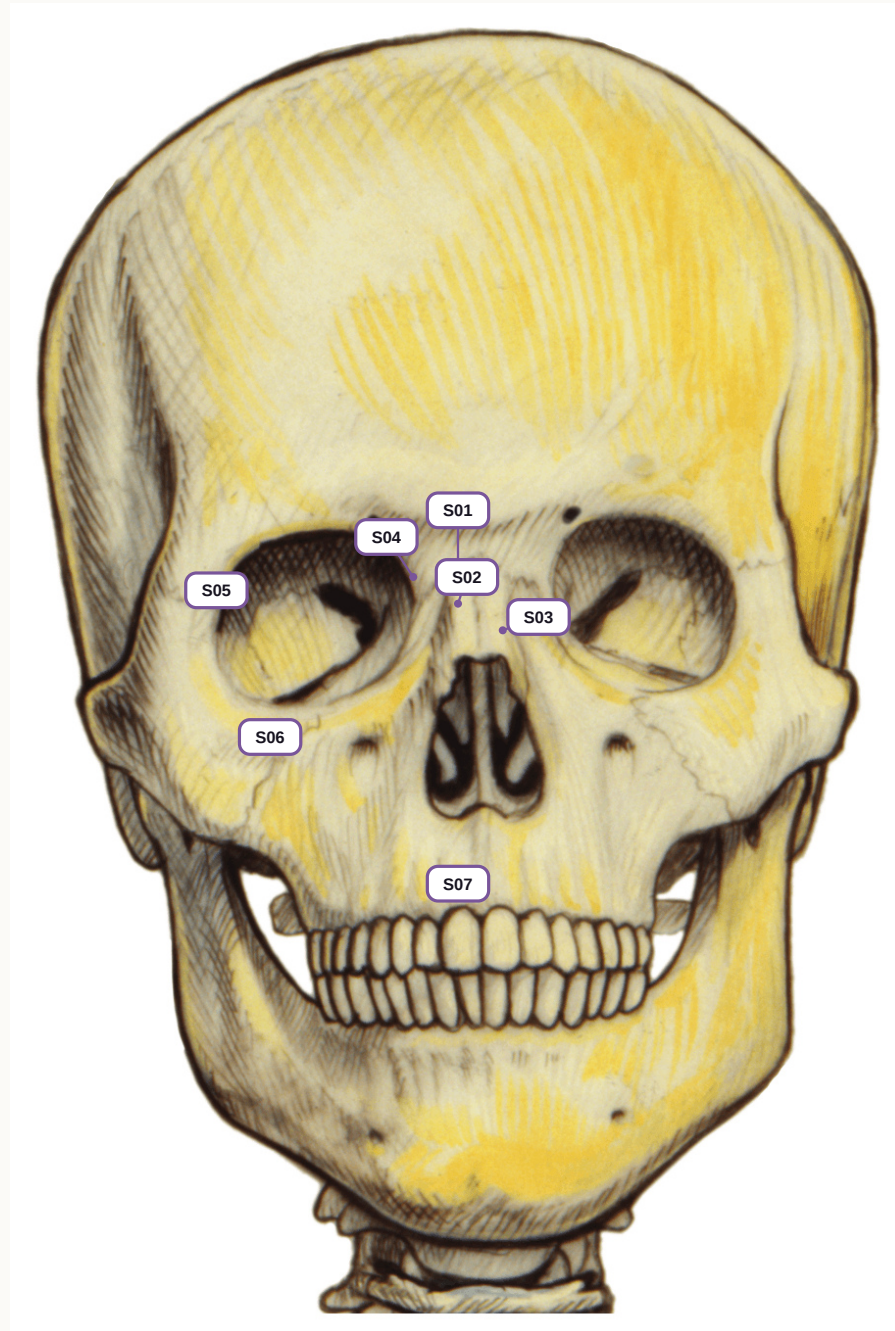

S03 _____

S04 _____

S05 _____

S06 _____

S07 _____

Cranial-Cervical Sutures and Articulations

Lateral skull - cranial and facial sutures

IDENTIFY EACH MARKER

S08 _____

S09 _____

S10 _____

S11 _____

S12 _____

S13 _____

S14 _____

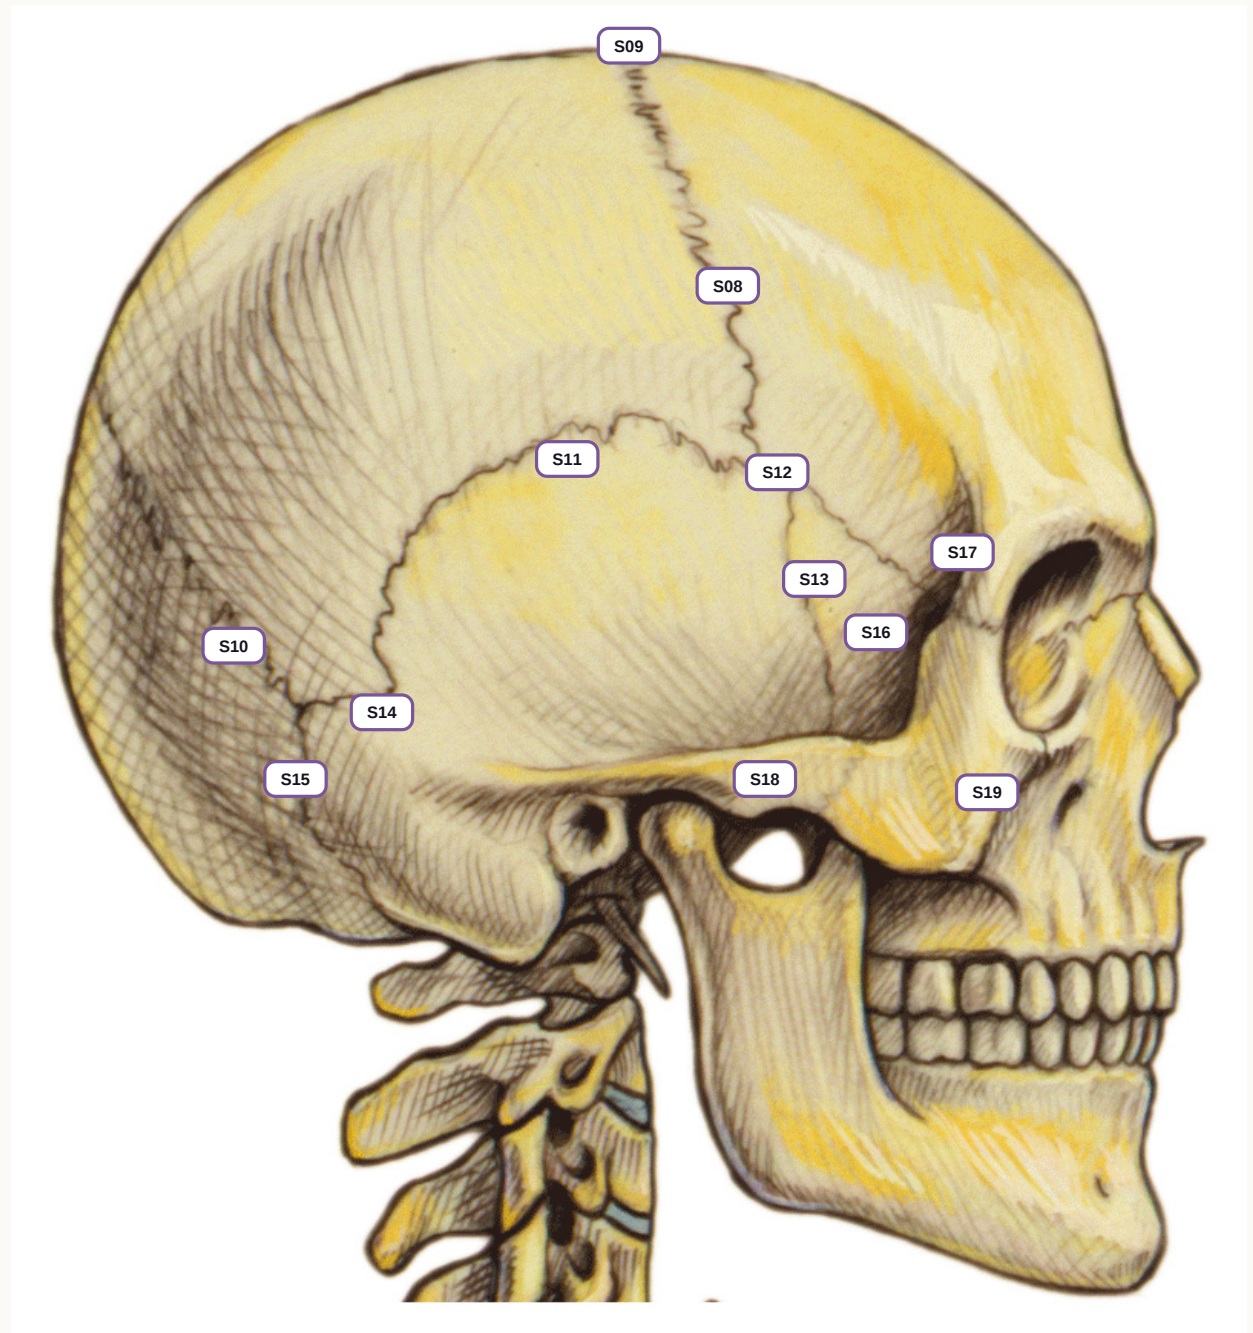

S15 _____

S16 _____

S17 _____

S18 _____

S19 _____

Cranial-Cervical Sutures and Articulations

Posterior skull - sutures and craniocervical joints

IDENTIFY EACH MARKER

S20 _____

S21 _____

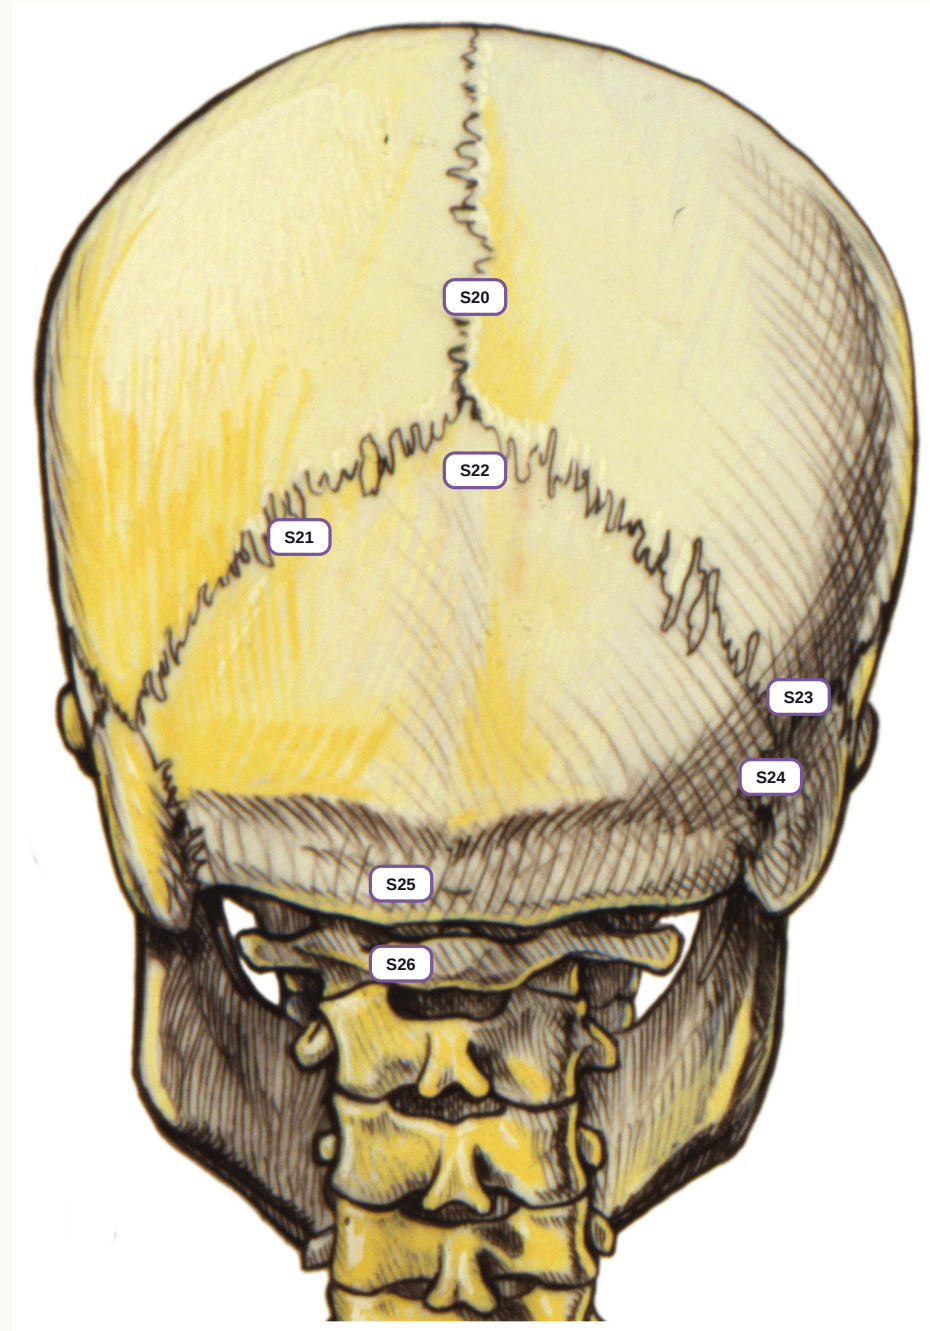

S22 _____

S23 _____

S24 _____

S25 _____

S26 _____

Cranial-Cervical Sutures and Articulations

Inferior skull base - sutures and articulations

IDENTIFY EACH MARKER

S27 _____

S28 _____

S29 _____

S30 _____

S31 _____

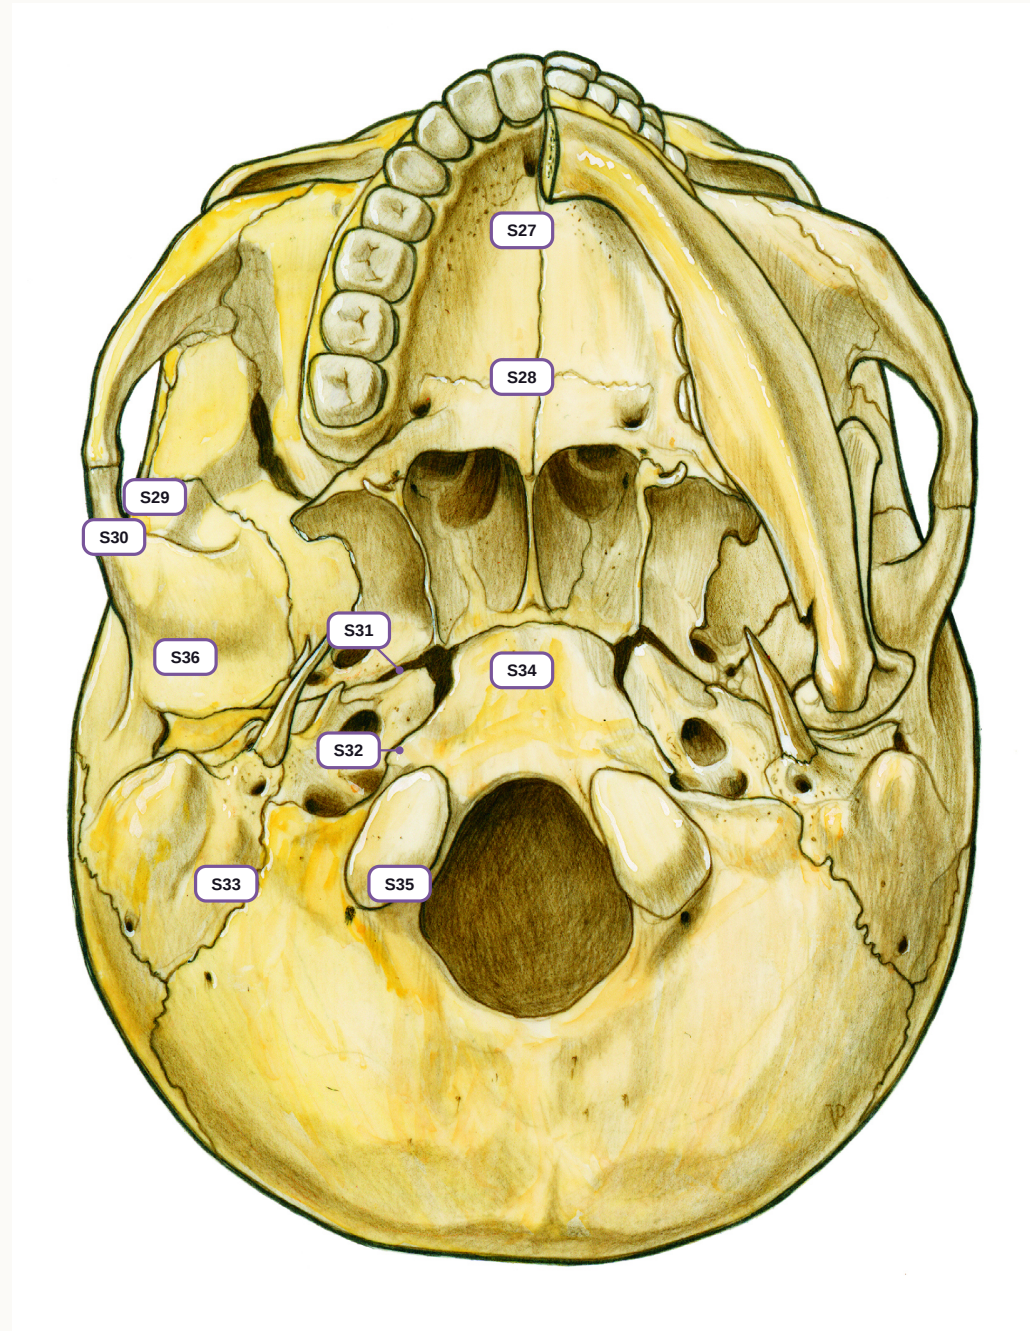

S32 _____

S33 _____

S34 _____

S35 _____

S36 _____

Cranial-Cervical Sutures and Articulations

Internal midsagittal skull - junctions

IDENTIFY EACH MARKER

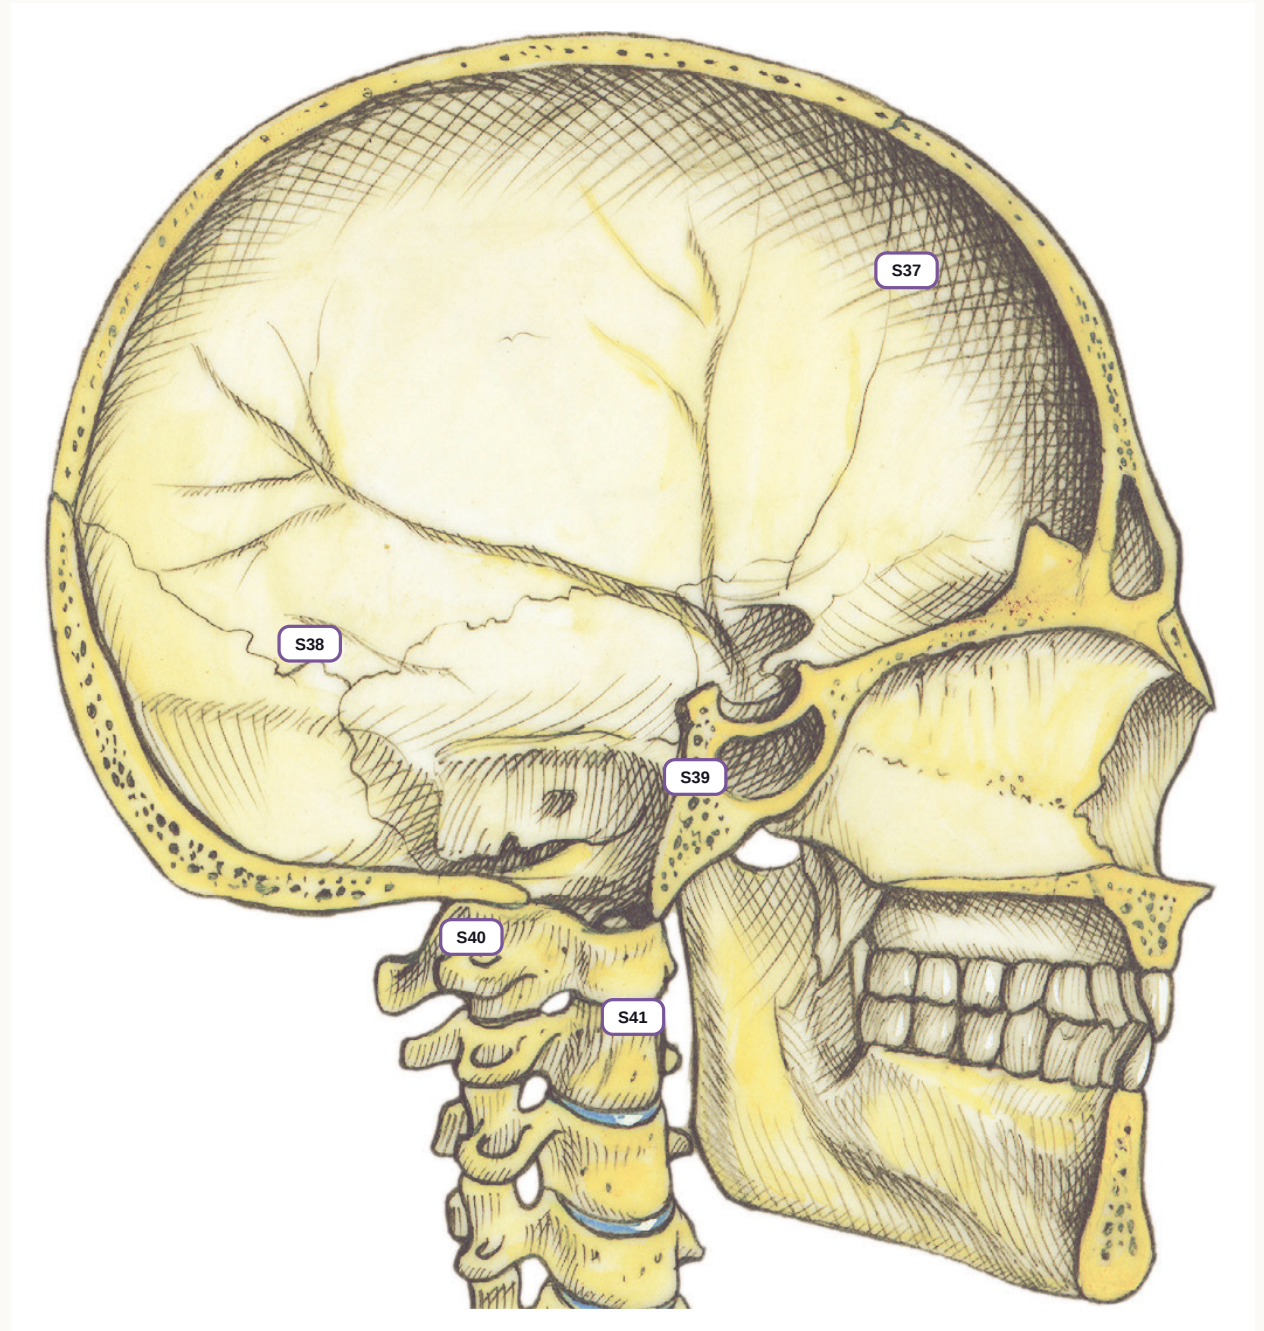

S37 _____

S38 _____

S39 _____

S40 _____

S41 _____

Cranial-Cervical Sutures and Articulations

Posterior cervical column - articulations

IDENTIFY EACH MARKER

S42 _____

S43 _____

S44 _____

S45 _____

S46 _____

S47 _____

S48 _____

S49 _____
